The biennial California Adaptation Forum, hosted by the Local Government Commission, serves as the premier gathering for adaptation leaders and practitioners from across the state and nation. For the 2020 conference, we aim to bring together 800+ participants over three days to learn, connect, and build mutual support for action.

We invite you to partner with us to help shape a dynamic, solutions-oriented event.

By sponsoring the 2020 California Adaptation Forum, your agency, organization, or company can demonstrate leadership and commitment to creating a resilient and thriving California in the face of climate change while engaging with hundreds of climate leaders in unique and interactive ways.
