

## Track 1 (Advancing Equitable Adaptation): Workshop #2

# Actualizing Racial Equity in Climate Adaptation

Monday, August 16th, 10:00 AM - 12:00 PM

<https://lgc.zoom.us/j/4013754773>

The first workshop explored how white supremacy shows up in the workplace and in adaptation work - and strategies for dismantling white supremacy to create a more equitable and inclusive culture. This workshop will dive deeper into how adaptation practitioners can intentionally integrate equity principles and practices into climate adaptation processes to actualize racial equity goals. Participants will hear case studies and engage in breakout discussions to share their own ideas, strategies, resources, and lessons learned. We hope you can join us!
