

## **Track 2 (Integrated Planning for Holistic Solutions): Workshop #2**

# Building Lasting Relationships: Inclusive Community Engagement & Regional Collaboration

Tuesday, August 17th, 1:00 - 3:00 PM

<https://lgc.zoom.us/j/4013754773>

Inclusive community engagement and regional collaboration are both necessary and critical to developing integrated adaptation plans that generate holistic solutions. This workshop will first highlight frameworks and case studies that demonstrate effective engagement and collaboration approaches, techniques, and results. Participants will then engage in a series of interactive discussions to share and explore replicable strategies. Exercises have also been designed to enable participants to walk away with tangible resources to support their community engagement and interagency coordination efforts. We hope you can join us!
